

# Safety Instructions!

- Don't carry loose objects with you while climbing (keys, cellphone, ...). Hair and loose clothing must be tied down. Take off all jewelry. Piercings must be taped down.
- Don't remove the equipment while on the course (helmet, harness,...). Re-examination after removal only at the hands of a guide.
- Fix the red safety carabiner on the red wire rope behind the steel plate (colour first) then merge the other carabiner into the wire rope and push through the steel plate.

- Maximum 3 persons per platform.
- Maximum 3 persons per exercise.
- Only rehang the carabiners while on the platform. Never touch the wire rope. Ascend only secured by self security automat.
- Flying Fox:
  - Hang up rope pulley only if the landing area is clear (risk of collision).
  - Hang up the green rope pulley into the green wire rope. Then hang the red carabiner in front of the rope pulley and put on the rope pulley (colour first).
  - Merge the other carabiner and put it also on the rope pulley.
  - Leave the landing zone as fast as possible.
- Only walk through the parcours as indicated by directions.
- In case of emergency: Shout loudly. We will come and help.

Have fun!
